

### **REMARKS**

The Office Action dated January 8, 2007 has been received and carefully noted. The above amendments to the claims, and the following remarks, are submitted as a full and complete response thereto.

Claim 25 is amended to more particularly point out and distinctly claim the subject matter of the present invention. Applicants are grateful for the indication that claims 1-24 are allowed. Claim 25 is respectfully submitted for consideration.

The Office Action rejected claim 25 under 35 U.S.C. 112, second paragraph for being indefinite. Applicants submit that claim 25 is amended to delete the phrase of "wherein the base station provides a radio cell for radio transmission and reception to user equipment, the base station" is deleted to more clearly recite the features of claim 25. Accordingly, withdrawal of the rejection under 35 U.S.C. 112, second paragraph is respectfully requested.

Based on the above, Applicants respectfully submit that claim 25 is in condition for allowance. Accordingly, it is respectfully requested that this application be passed to issue.

If for any reason the Examiner determines that the application is not now in condition for allowance, it is respectfully requested that the Examiner contact, by telephone, the applicant's undersigned attorney at the indicated telephone number to arrange for an interview to expedite the disposition of this application.

In the event this paper is not being timely filed, the applicant respectfully petitions for an appropriate extension of time. Any fees for such an extension together with any additional fees may be charged to Counsel's Deposit Account 50-2222.

Respectfully submitted,

---
